**Chapter 20: VERMONT TRAILS SYSTEM
10 V.S.A. § 441. Statement of purpose**

§ 441. Statement of purpose

(a) In order to provide access to the use and enjoyment of the outdoor areas of Vermont, to conserve and use the natural resources of this state for healthful and recreational purposes, and to provide transportation from one place to another, it is declared to be the policy of this state to provide the means for maintaining and improving a network of trails to be known as the "Vermont trails system."

(b) It is the intent of the legislature that trails be established within and without boundaries of state parks and forests and, when feasible, to interconnect units of the state park and forest system, as well as such federal and municipal lands as may be appropriate.

(c) The development, operation, and maintenance of the Vermont trails system is declared to be a public purpose and in this context, the agency of natural resources together with other governmental agencies is authorized to spend public funds for such purposes and to accept gifts and grants of funds, property, or property rights from public or private sources to be used for such purposes where permission is granted.

(d) It is the intent of the legislature to maintain Vermont's eligibility for receiving and spending federal funds for trails.

(e) It is the intent of the legislature that whenever a railroad line not already owned by the state of Vermont is proposed for abandonment, and continuation of railroad service is not economically feasible under present conditions, the right-of-way may be acquired by the state of Vermont for railbanking and interim trail use under chapter 58 of Title 5. (Added 1993, No. 211 (Adj. Sess.), § 28.)

§ 448. Landowner liability

No public or private owner of land which is a part of the Vermont trails system shall be liable for any property damage or personal injury sustained by any person using these trails unless the public or private owner intentionally inflicts the damage or injury. (Added 1993, No. 211 (Adj. Sess.), § 28.)

§ 443. Vermont trails system

The Vermont trails system shall consist of those individual trails recognized by the agency of natural resources with the advice of the greenways council. The agency, with the advice of the council, shall establish criteria for recognition of single use and shared use trails. (Added 1993, No. 211 (Adj. Sess.), § 28.)
